

**MAKE AMERICA AND LIVE MORNING  
DRIVE TALK RADIO GREAT AGAIN!**

**T**he Mike Church Show is a daily 3-hour romp through the political and cultural events of the day as seen through the unique lens of the unapologetic, Christian conservative: **Mr Mike Church**. Laced with satire, **Mike** draws on his vast knowledge and love of both US history and politics as well as contemporary pop culture for an unforgettable commentary on the day's news that is talk radio gold.

Entertaining, explaining and elucidating matters, with wit and wisdom, without ever being abrasive and shrill, **Mike** asks listeners

*“to take 8 weeks of daily doses of The Founding Fathers Red Pill, sprinkled with a few drops of holy water, to unplug the matrix cable from the back of your head, reclaim your critical thinking skills and become members of the self-governing people of these United States. It’s not a job folks, it’s a way of life!”*

**The Mike Church Show** has that rare ability to connect with a new, younger conservative listeners, while still appealing to the core talk radio demographic pioneered with Rush Limbaugh.

Welcome to the world of **The KingDude**, an **American original**, who has been broadcasting to **millions across 32 years** of daily broadcasts. Simply put, **The Mike Church Show** is unlike anything on radio today. But, as **Mike** points out, “addiction to this show isn’t a problem, it’s part of the cure!”
